## EDUCATION

**Raj Kumar Goel Institute of Technology**  
*Bachelor of Technology in Computer Science; GPA: 71 Percent*

Ghaziabad, India  
Sep 2022 – Jul 2026

## EXPERIENCE

**Python Developer Intern** Jun 2025  
*Coding Samurai* Remote

- Developed and optimized Python scripts to automate data processing workflows, reducing manual processing time by 40%
- Collaborated with cross-functional teams to implement core Python functionalities aligned with project requirements
- Conducted code reviews and debugging sessions to ensure code quality and adherence to best practices
- Contributed to technical documentation and created user guides for developed modules

**Visual Designer Intern** Aug 2025  
*InAmigos Foundation (IAF)* Remote

- Designed 15+ visual assets including graphics, social media content, and marketing materials for NGO campaigns
- Utilized design tools and principles to create user-centric visual solutions that improved engagement by 25%
- Collaborated with stakeholders to translate brand vision into compelling visual narratives
- Maintained design consistency across multiple platforms and ensured brand guideline compliance

## TECHNICAL SKILLS

**Languages:** Python, SQL, JavaScript, HTML/CSS, C

**Data & Analytics:** Power BI (Microsoft Certified), Excel, Data Visualization

**Tools & Technologies:** Git, VS Code, Cursor.ai

**Design:** Figma, Canva, UI/UX Principles, Web Design

**Core Competencies:** Data Analysis, Problem Solving

## PROJECTS

**Weather App** | *Python, REST API* 2025

- Developed a weather application integrating external APIs to fetch and display real-time weather data
- Implemented error handling and data parsing for robust API response management

**To-Do CLI App** | *Python, File I/O* 2025

- Created a command-line task manager with file-based persistence for data storage
- Implemented CRUD operations and user-friendly CLI interface for task management

**Portfolio Website** | *HTML, CSS, JavaScript* 2024

- Designed and developed a responsive personal portfolio showcasing projects and technical expertise
- Optimized website performance achieving 95+ Google Lighthouse score across all metrics

**Library Management System** | *Python, MySQL* 2025

- Developed a full-stack CRUD application with integrated MySQL backend for managing library operations
- Implemented database schema design with normalized tables for books, users, and transaction management
- Created efficient SQL queries and stored procedures to optimize database performance

**Lyrics Extractor** | *Python, Web Scraping, NLP* 2025

- Built a web scraping tool to extract song lyrics while handling anti-scraping mechanisms and CAPTCHA
- Implemented text preprocessing and cleaning algorithms to handle noisy data and improve accuracy
- Applied NLP techniques for text normalization and data validation

## CERTIFICATIONS

---

**Microsoft Certified Power BI Data Analyst Associate** – Microsoft (2025)

**Python for Data Science** – Coursera/Google (2024)

**Crash Course on Python** – Google (2024)

**Data Analytics Job Simulation** – Deloitte Forage (2024)

**Web Design & Development** – Skill India Hub (2024)

## ACHIEVEMENTS & ACTIVITIES

---

**TATA Crucible Campus Quiz 2025** – Certificate of Participation

**HackerRank Python Certification** – Demonstrated proficiency in Python programming

**IEEE NGISE** – Poster Designed and Presented at AKGEC Ghaziabad

**Poster Designing** – Poster Designed for Departmental Events
